RE: Filing of Supplementary Rider No. 4 ("Rider") dated
as of May 22, 1980 to Car Leasing Agreement 2023
("Lease") between North American Car Corporation ("NAC")
and Eagle Picher Industries, Inc. ("Lessee")

Dear Madam:

Enclosed for recording under 49 U.S.C. Section 11303 are an
executed counterpart and four certified true copies of the
Rider, which has been assigned to General Electric Credit and
Leasing Corporation ("Assignee"), pursuant to a Bailment
Agreement and Assignment of Leases ("Bailment Agreement")
dated as of December 18, 1978 and amended on November 15, 1979
and recorded with the Interstate Commerce Commission on January
23, 1980, under Recordation No. 11417. Please record this Rider
under that Recordation number.

The equipment is covered in the Rider and the names and addresses
of the parties are as follows. The address of the Lessor, North
American Car Corporation, is 222 South Riverside Plaza, Chicago,
Illinois 60606 and the address of the above named Lessee is
Box 779, 580 Walnut Street, Cincinnati, Ohio 45201. Please
cross index this filing against the name of that Lessee.

The Rider supplements the Lease by subjecting the equipment
described in the Rider to the terms of the Lease, thereby
leasing the same to the Lessee. The Bailment Agreement provides
that NAC shall hold, lease, maintain and perform certain
administrative and other services with respect to the equipment
covered by the Lease and that NAC assigns to Assignee all its
interest in, but not its obligations under, the Lease (including
amounts received or credited for mileage compensation relating
to that leased equipment). The equipment covered by the Lease
has been or is to be sold to Assignee.

REEL 1
FOOTING PART C
NORTH AMERICAN CAR CORPORATION
CAR LEASING AGREEMENT 2023

This rider ("Rider") and the above Car Leasing Agreement constitute a separate agreement ("Agreement") which, together with all rights under the Agreement, may be assigned as security or otherwise. No subsequent amendment to the Agreement shall be effective against any assignee hereof. The cars described herein shall be subject to the terms and conditions of the Agreement and this Rider during the term of use and for the rental set forth below:

<u>Number of Cars</u>	<u>Type of Car</u>	<u>Monthly Rental Per Car</u>
Five (5)	5,750 cubic foot capacity hopper cars, equipped with 100-ton trucks, 5 psi, for shipment of Diatomaceous Earth (NAHX 59953, 59954, 59956, 59957, 59958)	\$660.00

North American and Lessee agree that the rental rate as shown above shall be increased \$1.55 per car per month for each point increase in the Wholesale Price Index of Commodity Prices (railroad equipment - code 144), according to the latest information available as reported in the current "Survey of Current Business", published by the U. S. Department of Commerce, as of the date the first car is released for delivery to Lessee, over a base of 288.2 as was reported for November, 1979. Rentals thus calculated shall be rounded to the nearest \$0.50.

For each mile in excess of $\frac{20,000 \times \text{days in service}}{365}$ that each car covered by this Rider travels in a calendar year, there will be an additional charge of \$0.025.

Lessee agrees to be responsible for the maintenance and/or replacement of the pressure differential system with which said cars are equipped. If, at any time during the term of this lease or any extension thereof, the roof hatches with which the above-described cars are equipped are modified to Lessee's specifications, Lessee shall be responsible for the maintenance and/or replacement of the modified roof hatches.

Lessee agrees to be responsible for all freight charges incurred in the shipment of said cars to Lessee.

In the event that during the term hereof, the U. S. Department of Transportation, or any other governmental agency or non-governmental organi-

station having jurisdiction over the operation, safety or use of railroad equipment, requires that North American add to, modify, or in any manner adjust, the cars subject to this lease in order to qualify them for operation in railroad interchange, Lessee agrees to pay an additional monthly charge of \$1.75 per car for each \$100 expended by North American on such car, effective as of the date the car is released from the shop after application of such additions, modifications or adjustments (hereinafter the "Modifications"). No rental credits will be issued on cars entering the shop for any Modification for the first thirty days. In the event North American in its sole discretion determines prior to making any Modification that the cost thereof is not economical to expend in view of the estimated remaining useful life of such car, and North American elects to permanently remove such car from Lessee's service rather than have such car taken to a car shop for such Modification, the rental with respect to such car shall terminate upon the date specified in writing by North American, provided that such date must be prior to the date the Modification is so required to be made.

The term of use of the cars hereinabove described shall commence on the date of delivery thereof to Lessee, and shall continue for a period ending five (5) years from the first day of the month following the average date of delivery of such cars to Lessee.

Dated this 22nd day of May, 1980.
